

KIDS COURSE CD

31. THE RAINBOW SONG

It's raining over here.

It's raining over here.

The sun is shining over there,

The sun is shining over there,

And there's a rainbow right across the sky.

The colors of the rainbow are beautiful to see,

They brighten up the day for me,

And when the rain is falling

And the sun is shining too,

They'll brighten up the day for you.

There's red (red), Orange (orange), and yellow

There's green (green), and blue (there's blue), and Indigo

.... (and there's violet)!
