

LITTLE KIDS COURSE CD A

40. We all go marching

We all go marching round and round, Hurrah! Hurrah!

We all go marching round and round, Hurrah! Hurrah!

We all go marching round and round,

We are heavy on the ground

And we all go round and round

Always ready to stop!

(All stand still like statues, and then start again)

We all go hopping round and round, Hurrah! Hurrah!

We all go hopping round and round, Hurrah! Hurrah!

We all go hopping round and round,

We are bouncing on the ground

And we all go round and round

Always ready to stop!

(All stand still like statues, and then start again)

We all go flying round and round, Hurrah! Hurrah!

We all go flying round and round, Hurrah! Hurrah!

We all go flying round and round,

We are not touching the ground

And we all go round and round

Always ready to stop!

(All stand still like statues, and then start again)

We go on tiptoe round and round, Hurrah! Hurrah!

We go on tiptoe round and round, Hurrah! Hurrah!

We go on tiptoe round and round,

We are not making a sound

And we all go round and round

Always ready to stop!

(All stand still like statues, and then start again)

We all go marching round and round, Hurrah! Hurrah!

We all go marching round and round, Hurrah! Hurrah!

We all go marching round and round,

We are heavy on the ground

And we all go round and round

Always ready to stop!
